Beam Communications Holdings Ltd (ASX: BCC, "Beam" or the "Company") is pleased to announce that it has signed a retail partnership agreement with **Anaconda Group Pty Ltd** (Anaconda) and received an initial purchase order for ZOLEO devices and accessories.

The deliveries commencing this week will ensure ZOLEO is in stores ahead of the Christmas shopping season.

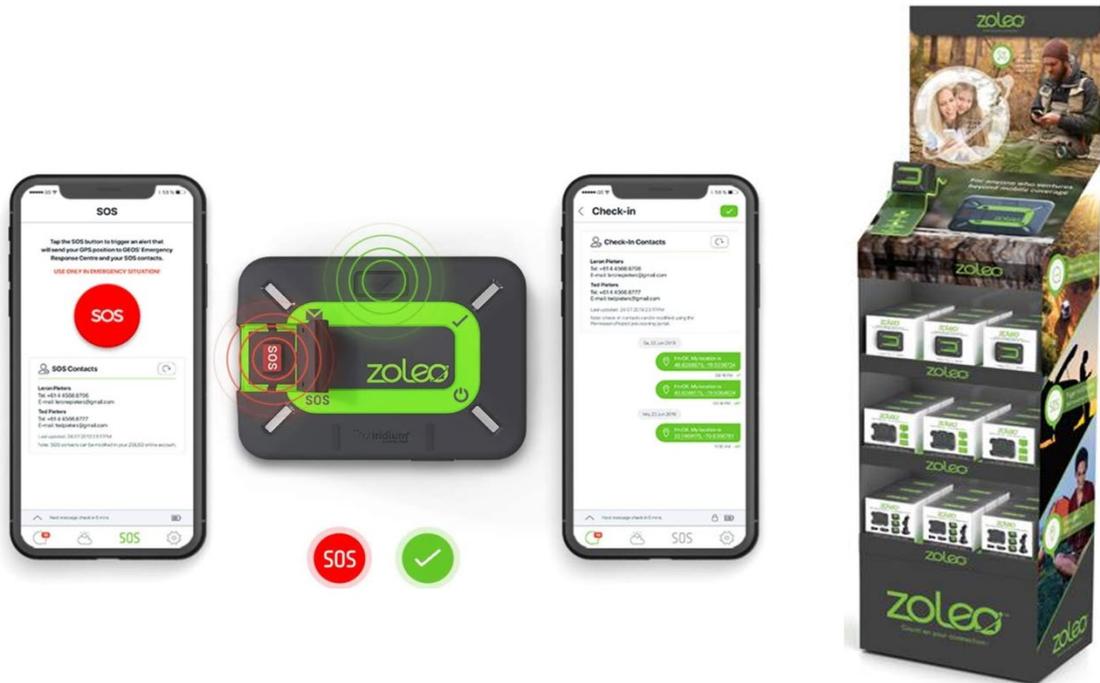

Anaconda is Australia's largest outdoor adventure superstore with 68 outlets across the country. The retailer, which carries the widest range of outdoor gear and is part of the Spotlight Retail Group, will stock ZOLEO and its accessories at every Anaconda store.

"We are delighted to be working with Beam to offer a unique Australian innovation like ZOLEO to our customers before the holiday season," said Anaconda's Business Manager Camp & Hike, Damian Kennedy.

"We have seen strong demand for outdoor equipment, increasing with the relaxation of many COVID-related restrictions on movement. ZOLEO fits perfectly with the range of products we offer to millions of adventurous, knowledgeable shoppers who appreciate value and quality products to suit their lifestyle.

"More than ever, we'll see record numbers of Australians heading to the great outdoors and ZOLEO will allow them to stay in touch with their loved ones and remain safe on land or water."

The agreement with Anaconda is the third such agreement this month following Beam's retail partnerships with Kogan.com Ltd (ASX: KGN) and Wesfarmers Ltd's (ASX: WES) Catch Group.

ZOLEO is also sold through the world’s largest outdoor equipment retailer, BPS Direct, LLC, which owns around 180 Bass Pro Shops and Cabela’s stores in the US and Canada; and leading Canadian retail chain, London Drugs.

“Interest in ZOLEO is accelerating and the recent traction we’ve gained with our retail partners bodes well for sales of our innovative pocket-sized global messaging solution in 2021,” said Beam’s managing director and chief executive officer, Michael Capocchi.

“Securing the deal with Anaconda means that ZOLEO is now offered in-stores at leading outdoor and camping retailers in North America and Australia.”

Yours faithfully,

Dennis Payne

About Anaconda Group Pty Ltd

Anaconda was founded in November 2004 by an Australian retailing family. Anaconda's founders were concerned that Australia's outdoor and adventure culture was in decline, with many people seeking their leisure and entertainment indoors. This family, who love the outdoors themselves, realised that Australia really didn't have a one-stop-shop for outdoor and adventure equipment. This is how the vision of Anaconda - Australia's largest camping and adventure superstore – was born.
